Mercedes-Benz S Series 350 SE. THIS MUST BE THE BEST IN THE WORLD!! 2 owners, 32,000 miles with history to support it. Registered in 1973 with plate S RTW. The car is as new! Original paint, garaged all its life it looks resplendent in GOLD METALLIC! Interior is mint even has '8' track stereo. Original blanking plate, build sheet, original tool kit, first aid kit etc etc.. Drives without fault, has 2 marks on the bonnet, tiny scratch on the front wing. We can do these but its only original once!! Engine has not been detailed but is factory original. All in all a fantastic investment, look at prices of 60s models. The photos do not do this car justice, view and you will not be disappointed. More photos are available upon request.
