Boss Motor Company are extremely proud to present this very rare 1985 Rolls Royce Camargue. Finished in Acrylic Silver Sand with a Dark Brown Everflex Roof. Stone Nuella Main Hide with Dark Brown Nuella Top Roll. Only 500 examples were ever produced and it remains to this day the only Rolls Royce to have been designed by Pininfarina. It was also the most expensive car in the world when released in March 1975 and very much became Rolls Royce's flagship model. This example was ordered by and delivered to Bentley Munich in April 1985 and has since resided in dry climates for the duration of its life. Having covered only 16,000 miles from new, in our opinion this car truly represents a fantastic investment opportunity.
